SHOWHOMES IS GOOD BUSINESS

Every market offers strong Real estate opportunities. Whether the stock market is up or down, unemployment is high or low, home sales are strong or weak, homeowners always want to sell homes quickly—for top dollar. The Showhomes business model is based on the fact that well-furnished homes kept in show-to-sell condition sell faster, and for higher prices, than vacant houses. Showhomes provides homeowners and their Realtors a turnkey package that includes whole-house furnishing, professional decorating, staging, a live-in home manager and marketing support services. Homes staged with Showhomes sell 80% faster and receive 20% higher bids, helping owners sell and buyers desire to buy. With 22 franchises in more than 14 states, Showhomes has helped sell more than \$8 billion in residential real estate since 1986.
