

The Leadership Challenge[®] Workshop

Testimonials:

"Made me think more about leadership and opportunities outside of work as well...I love how you presented the information... outstanding!"

"The 360 feedback was valuable since we so rarely get feedback from our peers and that is what counts the most."

"The group exercises were so effective in demonstrating the topics. They engaged us and allowed us to draw examples from the group that were real world. I would recommend this course to everyone."

Get ready to take the leadership challenge! Backed by over 20 years of research, this workshop is an intensive and unique discovery process created by bestselling authors Jim Kouzes and Barry Posner. It explores the five practices common to the most extraordinary leadership achievements. Additionally, an online 360-degree assessment covers 30 leadership behaviors with sound feedback from peers, subordinates, supervisors and others on your present level of leadership skills.

This workshop approaches leadership as a teachable, learnable, and measurable set of practices and behaviors, thereby establishing the underlying philosophy – **leadership is everyone's business**.
