

## Women at Work

### Testimonials:

"I loved your course...I didn't know training could be so much fun."

"Wow! No other word describes how good it was...Wow!"

"Absolutely the best workshop I've ever attended!"

"We've received nothing but rave reviews on your seminar...."

"I'm recommending this class to everyone I know."

Women are gaining increased influence and authority in all walks of life and women's leadership is creating meaningful change in the workplace. We know that gender alone doesn't determine a person's behavior, yet new data reveals what many have always known: women bring different and vitally important experience and perspective to the workplace.

### Benefits

**You will** find out where you are strong and where you need to improve. **You will** project a more credible, self-assured communication image and become more effective at influencing others. **You will** learn the techniques and strategies you need to get your point across confidently and effectively and get the results you want through others. Most importantly, **you will** leave with a strategy for the future - and a network of women just like you.

### You'll Experience

A highly interactive professional development workshop, designed and delivered by women for women, containing a wealth of tools to help bring out your unique talents in today's workplace. Join us for three days of exploration and study of how women are meeting the challenges in today's workforce.

### You'll Learn

- Leadership skills
- Assertive communication
- Self-assessment
- Stress reduction
- Conflict resolution
- Time management

Together we will share the secrets of what makes us what we are – unique and valuable assets to the organizations we serve.
